SEED ANNUAL

1921

196 GREENWICH STREET
NEW YORK

AN IMPORTANT ANNOUNCEMENT CHANGE OF ADDRESS

ON or about May 1 we will move not far from our present store into our new quarters in the five story building at 196 GREENWICH STREET, between Vesey and Fulton Streets, New York City. This building is now being thoroughly remodeled and equipped for the convenient and effective carrying on of the seven departments of our business.

Vegetable and Flower Seed Dept.
Farm Seed Dept.
Plant Dept.

Poultry Supplies Dept.
Live Poultry Dept.
Pet Stock Dept.

Horticultural Auction Dept.

The MacNiff Horticultural Co., Inc.

ORDERING, REMITTING, ACCOUNT- ING, FORWARDING, ETC.

Mail Orders Given Prompt Attention.

No extra charge for postage on seeds in packets, ounces and quarter pounds. Add 10c. per quart for peas, beans, corn and grass seed if ordered to be sent by mail.

Remittances should be made by Express Money Order, P. O. Money Order, Bank Draft or Registered Letter. No goods sent C. O. D. unless 25% of their value accompanies the order.

Accounts.—Parties having no account with us, who order goods without remittance, must furnish satisfactory reference. New York City reference preferred on account of the shorter delay pending investigation.

We Forward as Customer Directs, by mail, express, freight or steamer. When no shipping instructions are given we send according to our judgment.

We Make No Charge for Shipping and Carting of goods to any railroad station, steamship line or express office in New York City proper, except on auction goods.

We Make No Charge for Packing except on auction goods, for which we charge cost. We charge for cloth bags, viz.: 1 peck, 15c.; $\frac{1}{2}$ bushel, 20c.; 1 bushel, 30c.; 2 bushels, 50c.

We Guarantee the Safe Arrival in the United States of all seeds forwarded by express.

Questions and Correspondence.—We endeavor to answer promptly all letters of inquiry, which should be on separate paper from orders.

We Cannot Guarantee any seeds, plants or bulbs we send out, having no control over conditions—therefore:

THE MACNIFF HORTICULTURAL CO., Inc., gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

TESTED VEGETABLE SEEDS

STANDARD AND NEW VARIETIES

The seeds listed in this catalogue are good standard varieties which have stood the test and proven all that is claimed for them.

ARTICHOKES (Globe)

One ounce will produce 500 plants.

Large Green Globe. The finest French variety. Pkt. 20c., oz. \$1.25.

Jerusalem. See Esculent Plants and Roots.

ASPARAGUS SEED

One ounce will sow about 50 feet of drill.

(Asparagus Roots, see Esculent plants and roots.)

Barr's Mammoth. A large growing Standard Variety, similar to Palmetto. Pkt. 5c., oz. 15c.

ASPARAGUS ROOTS

Barr's Mammoth. Strong, one-year-old roots, \$1.25 per 100, \$10.00 per 1000. Two-year-old roots, \$2.00 per 100, \$15.00 per 1000.

Columbian Mammoth White. Strong, one-year-old roots, \$1.25 per 100, \$10.00 per 1000. Two-year-old roots, \$2.00 per 100, \$15.00 per 1000.

Conover's Colossal. Strong, one-year-old roots, \$1.25 per 100, \$10.00 per 1000. Two-year-old roots, \$2.00 per 100, \$15.00 per 1000.

Giant Argenteuil. Strong one-year-old roots, \$1.25 per 100, \$10.00 per 1000. Two-year-old roots, \$2.00 per 100, \$15.00 per 1000.

Palmetto. Strong, one-year-old roots, \$1.25 per 100, \$10.00 per 1000. Two-year-old roots, \$2.00 per 100, \$15.00 per 1000.

BEANS

Dwarf, or Bush; Green Pod Varieties

One pound will plant 100 feet of drill.

	Pkt.	Lb.	2 Lbs.

SWEET PEAS

**GIANT ORCHID-FLOWERED, OR
SPENCER SWEET PEAS**

This type of Sweet Peas, variously called "Orchid-Flowered," "Spencer," and "Waved" Sweet Peas is for most uses a great improvement on the "Grandiflora" type. The Vines are very robust and tall; the wavy-petaled flowers are large and three or four often are borne on each of the very long strong stems.

We have a complete list of all the leading named varieties of Spencer Sweet Peas.

**SWEET PEAS IN
MIXTURE
MACNIFF'S SPECIAL
SPENCER MIXTURE**

This collection of Sweet Peas is composed entirely of the large-flowered Spencer types. The making up of this mixture has been performed under entirely careful supervision. This is an unsurpassed mixture of Sweet Peas. Pkt. 10c., oz. 30c., $\frac{1}{4}$ lb. \$1.00., 1 lb \$3.00

**CHOICE MIXED
SWEET PEAS**

In this mixture will be found all the finest high-grade varieties of the old favorite grandiflora type Pkt. 5c., oz. 10c., $\frac{1}{4}$ lb. 30c., 1 lb. \$1.25.

Grass and Clover Seed Dept.

MacNiff's Special Lawn Grass Seed

After many careful experiments and tests, we are now in a position to offer this Special Mixture, which includes the several varieties of grasses best adapted for making a beautiful lawn. The blend is evenly proportioned, entirely free from weed seeds, and especially selected to withstand the heat and drouth of the summer.

With proper attention to the soil before sowing, this mixture produces a rich lawn, closely interwoven, firm, and ready for cutting four weeks after sowing.

Numerous testimonials have complimented us upon this finest of all lawn seeds, which bespeak the hearty commendation of its many users.

By using this magnificent composition of grasses, you will be assured of a durable and lasting lawn. You will find quick germination, and dark green, velvety color, that may have aspired to, but which few have attained. You will find grasses that are adapted both to ordinary and unusual conditions.

To sum up, you will find a lawn grass seed that retrieves the hopes and expectations for a superb lawn.

Quantity Required

For new lawn, 10 ozs. will sow 15x20 feet (300 square feet).

Twenty pounds will sow 100x108 feet. One hundred pounds to the acre.

For renovating old lawns, one-half of the above quantity is necessary.

10 ozs. 30c., 5 lbs. \$2.00, 20 lbs. \$7.00.

MacNiff's "Highgrade" Lawn Mixture. 25 lbs. for \$9.00.

MacNiff's "Shady Glen" Lawn Grass Seed.

MacNiff's "Shady Glen" Lawn Grass Seed

It is hardly necessary to remind any reader of this catalogue of the futility of using ordinary grass seed mixtures for shady and damp situations. Many lawns are spoiled by the bare and unsightly spots where constant shade exists, and all efforts have failed to get grass to grow in these places.

To successfully combat conditions such as these, MacNiff's "Shady Glen" Lawn Seed should be used exclusively.

This combination is composed of tried and tested fine-leaved evergreen varieties, which grow wild in the woods in their natural state, and will form a lawn that will be in keeping with the finest results obtained under ordinary conditions.

Quantity Required

For new lawns, 10 ozs. (1 qt.) will sow 15x20 feet (300 square feet).
Twenty pounds (1 bus.) will sow 100x108 feet. One hundred pounds to the acre.
For renovating old lawns, one-half of the above quantity is necessary.

10 ozs. 30c., 40 ozs. \$1.25, 5 lbs. \$2.00, 20 lbs. \$7.00

THE MacNIFF HORTICULTURAL CO., Inc.
196 GREENWICH STREET, NEW YORK

MacNiff's "Equator" Lawn Grass Seed.

MacNiff's "Equator" Lawn Grass Seed

Certain grasses, by nature, stand more heat and drought than others, and we have made it our duty before offering a mixture suitable for sunny positions, to repeatedly experiment, in order to determine the most successful and satisfactory.

The results have given us a variety of grasses that naturally grow under such adverse conditions, and with care, lawns can be maintained green the year round.

Quantity Required

For new lawns, 10 ozs. (1 qt.) will sow 15x20 feet (300 square feet).

Twenty pounds (1 bus.) will sow 100x108 feet. One hundred pounds to the acre.

For renovating old lawns, one-half of the above quantity is necessary.

10 ozs. 30c., 40 ozs. \$1.25, 5 lbs. \$2.00, 20 lbs. \$7.00

Sandy Beach Lawn Grass Mixture

To make a lawn at the seashore has been a very difficult proposition, but after careful experiments with the different kinds of deep rooted grasses we are now in a position to offer a mixture that will naturally thrive under the most trying conditions and give results where the ordinary mixture would fail.

Quantity Required

For new lawns, 10 ozs. will sow 15x20 feet (300 square feet).

Twenty pounds will sow 100x108 feet. One hundred pounds to the acre.

For renovating old lawns, one-half of the above quantity is necessary.

10 ozs. 30c., 40 ozs. \$1.25, 5 lbs. \$2.00, 20 lbs. \$7.00

MacNiff's Golf Course Grass Mixture.

Golf Course Grass Seed, Etc.

For golf courses, tennis courts, etc., we supply mixtures made from British formulas and under the direct supervision of our grass seed expert.

All the essential, fine-leaved, dwarf-growing, durable grasses, both European and domestic, of the highest quality, are used, ensuring complete satisfaction where golf courses and tennis courts are maintained.

Where grasses in special varieties are required for use in private mixtures, we supply only the best and cleanest seed.

MacNiff's Putting Green Mixture. 20 lbs. for \$7.00.

MacNiff's Fair Green Mixture. 20 lbs. for \$7.00.

MacNiff's Tennis Court Mixture. 20 lbs. for \$7.00.

MacNiff's Polo and Ball Ground Mixture. 20 lbs. for \$7.00.

MacNiff's "Hillside" Lawn Grass Seed

A most difficult thing for both amateur and professional gardeners has been to establish a lawn of quality on terraces, slopes, embankments, etc.

MacNiff's "Hillside" Lawn Mixture comprises grasses most suitable for growing on hill slopes, all having deep spreading roots that will bind the soil and prevent it from being washed away by heavy rains.

This mixture will also withstand the drought, thrive on shallow soils and at the same time produce a turf of fine, velvety green, which retains its beauty throughout the season.

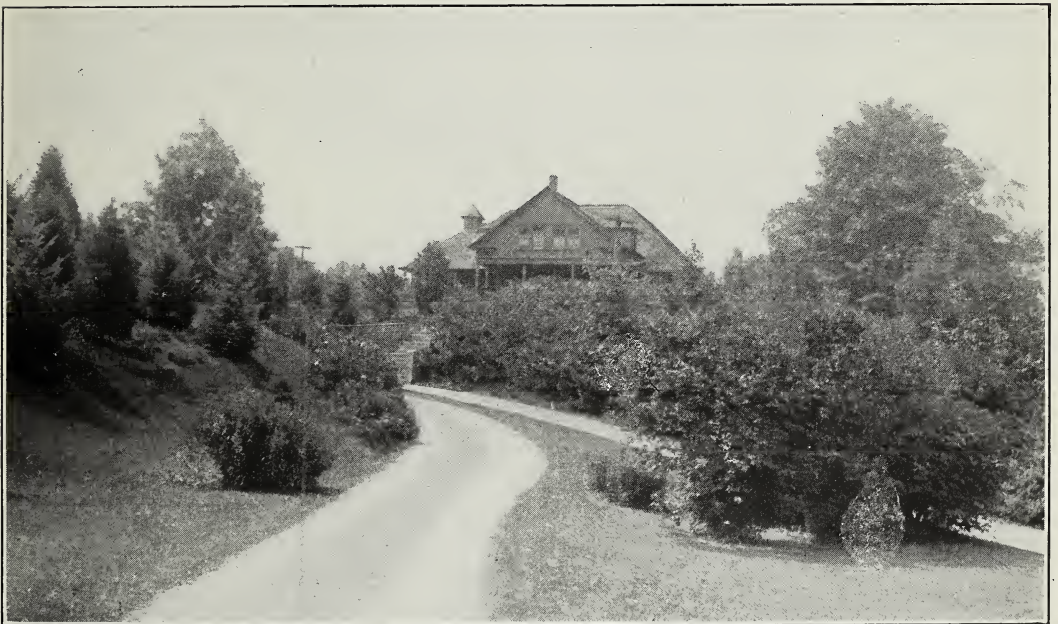

Quantity Required

For new lawns, 10 ozs. (1 qt.) will sow 15x20 feet (300 square feet).

Twenty pounds (1 bus.) will sow 100x108 feet. One hundred pounds to the acre.

For renovating old lawns, one-half of the above quantity is necessary.

10 ozs. 30c., 40 ozs. \$1.25, 5 lbs. \$2.00, 20 lbs. \$7.00

MacNiff's "Hillside" Lawn Grass Seed.

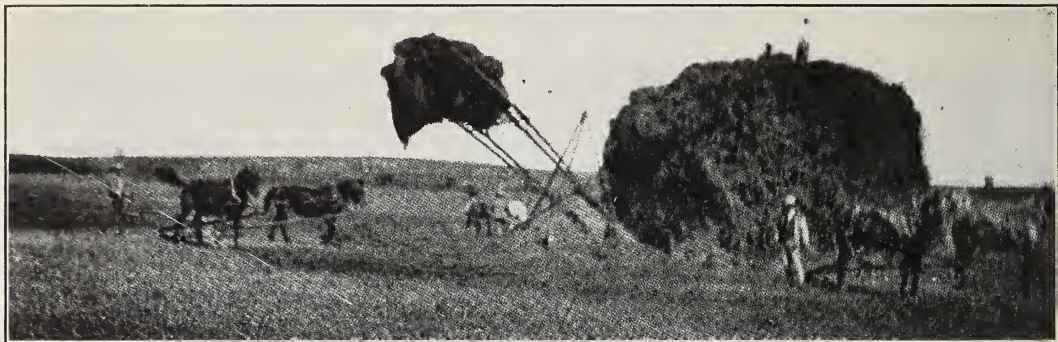

Central Park Lawn Grass Seed

Quantity Required

For new lawns, 1 qt. will sow 15x20 feet (300 square feet).

Twenty pounds will sow 100x108 feet. One hundred pounds to the acre.

10 ozs. 25c., 40 ozs. \$1.00, 5 lbs. \$1.75, 20 lbs. \$5.00

MacNiff's Hay Grass Mixture.

Meritorious Grass Mixtures for Hay and Permanent Pastures

Conditions are so varied, that in presenting to our patrons grasses that will give universal satisfaction, for hay and permanent pasture, we have devised a number of high-grade mixtures. It is conceded by all reliable authorities on this subject that a heavier, thicker and more reliable growth can be obtained from a formula composed of many grasses, than by only one or two varieties. We also must take into consideration which varieties are particularly adapted by nature to meet climatic conditions and local situations. Some sorts thrive unusually well on high ground, with hot, dry weather, while others are best in low, moist situations. In view of these facts it is apparent that great care must be taken in the selection of the proper seeds.

For Hay Only—Will give immense Hay Crop.

For Hay and Permanent Pasture for Heavy Soils.

For Hay and Permanent Pasture for Light Soils.

For Pasture Only—Can be cropped very close without injury.

For Hay and Permanent Pasture for Medium Soils.

Price 30c. per lb., 100 lbs. \$28.00

Permanent Clovers

It is very important that Clovers should be sown with Grasses, as they add to the yield of hay and pasture, and collect atmospheric nitrogen and store it in the root nodules. Clover seed should be sown in the Spring season separately. Ten pounds Permanent Clovers should be sown per acre.

Price of Mixed Permanent Clover, 45c. per lb., \$42.00 per 100 lbs.

MACNIFF'S RECLEANED GRASS SEEDS

Prices subject to market fluctuations

	Lbs. per Bush.	Price per Lb.	Price per Bush.	Price per 100 Lbs.
Awnless Brome Grass (<i>Bromus inermis</i>). Of stoloniferous growth and therefore of value only where permanent results are wanted. It is quite productive in dry, sterile soil and should only be used where these conditions exist. Sow 35 to 40 lbs. to acre.....	14	\$0.50	\$6.75	\$45.00
Bermuda Grass (<i>Cynodon dactylon</i>). Excellent for lawns in South. Should not be used north of Virginia, as it cannot resist frost. Does extremely well in poor soil and under generally adverse conditions. Sow 15 lbs. to acre..	35	1.00	34.50	95.00
Canada Blue Grass (<i>Poa compressa</i>). Considerably bluer than Kentucky Blue Grass, although quality is not so high. A perennial grass that is very hardy. Has flat, wiry stems 6 to 18 inches high. Will thrive in the poorest of soils, surviving extreme drought or prolonged dampness; remaining green until Winter frosts. 60 lbs. to acre.....	14	.30	4.00	28.00
Creeping Bent (<i>Agrostis stolonifera</i>). The most satisfactory of all grasses for lawns and putting greens. Growth is rapid and is actually improved by constant cutting and trampling. All lawn mixtures should contain this grass. When sowing alone use 60 lbs. to acre.....	20	1.00	19.50	95.00
Crested Dog's Tail (<i>Cynosurus cristatus</i>). Can adapt itself to almost any soil, although produces better results on moist, rich land. Is very valuable as a bottom grass for lawn mixtures. Resembles Kentucky Blue Grass in color, which characteristic recommends its use with that sort. 30 lbs. to acre when sowing alone.....	21	.75	15.50	70.00
English Rye Grass (<i>Lolium perenne</i>). A very rapid grower, thriving best where conditions do not meet the extremes. Retains its bright green color throughout the season. Very desirable for permanent pasture. Excellent for hay if cut when in blossom. 60 lbs. to acre.....	24	.20	4.25	15.00
Pacey's Rye (<i>Lolium perenne</i>). Selected short-seeded, dwarf-growing strain, suitable for lawns. Makes a fine green turf in three weeks. 60 lbs. to acre.....	24	.25	5.75	22.00
Sheep's Fescue, Fine-Leaved (<i>Festuca ovina tenuifolia</i>). A bunch grass, but is desirable for lawn mixtures because of its thick, dwarf growth and fine foliage. Hardy and succeeds in dry soil. Can be used for permanent pasture where land is high and devoid of moisture. 30 lbs. to acre.	14	.60	8.00	55.00
Sheep's Fescue (<i>Festuca ovina</i>). Similar to the <i>Tenuifolia</i> , although foliage is not so fine. Does better in high situations where soil is shallow, poor and gravelly. One of the hardiest, surviving extreme heat and cold. 35 lbs. to acre.	12	.40	4.50	35.00
Hard Fescue (<i>Festuca duriuscula</i>). A grass for dry lands, thriving in sandy and shallow soils. Very hardy, withstanding adverse weather conditions. Is recommended for permanent pasture rather than for lawns. 30 lbs. to acre..	12	.40	4.50	35.00
Hungarian Grass (<i>Panicum Germanicum</i>). A fast grower, proving itself impervious to severe drought. Can be sown as late as middle of July in this vicinity, for hay, and until the middle of August for green fodder. To produce a nutritious hay, cut before blooming. Sow 1 to 1½ bus. to acre	48	Price on application.		
Italian Rye Grass (<i>Lolium Italicum</i>). An excellent assistant to other grasses during first year. Rapid grower, very successful on moist, rich land. 50 lbs. to acre.....	18	.25	4.25	22.00
Kentucky Blue Grass (<i>Poa pratensis</i>). The finest of all grasses for varied planting. Very hardy; the first to start in Spring, and remaining green until Winter frosts. Thrives in almost any soil. Very nutritious for pasture. Requires about two years to establish itself, therefore should be sown with other grasses. 50 lbs. to acre.....	14	.40	5.50	38.00
Meadow Fescue (<i>Festuca pratensis</i>). A very good, permanent pasture grass, very nutritious and relished by all stock. Do not plant on dry, warm land. Matures about second or third year. 40 lbs. to acre.....	22	.50	10.50	45.00
Meadow Foxtail (<i>Alopecurus pratensis</i>). A permanent pasture grass which prefers rich, moist soil. Very early and does not burn during extreme summer heat. Use only with other grasses. 3 to 4 lbs. to acre; when sown alone, 25 lbs. to acre	7	1.00	7.00	95.00

THE MacNIFF HORTICULTURAL CO., Inc.
196 GREENWICH STREET, NEW YORK

MacNiff's Recleaned Grass Seeds (Continued)

	Lbs. per Bush.	Price per Lb.	Price per Bush.	Price per 100 Lbs.
Danish Orchard Grass (<i>Dactylis glomerata</i>). An excellent all-round pasture and hay grass. Particularly successful in shady situations. Undesirable for lawns. 3 to 4 bus. to acre	14	\$0.40	\$5.25	\$35.00
Red, or Creeping Fescue (<i>Festuca rubra</i>). Produces a close and lasting turf; of a creeping habit. Does very well in shady places, and is very valuable for lawn purposes. Sow 30 lbs. to acre.....	14	.60	8.25	58.00
Red Top Grass (<i>Agrostis vulgaris</i>). Permanent perennial grass, adapting itself to almost any situation. Sow 4 bus. to acre	14	.25	3.25	20.00
Red Top Grass (<i>Agrostis vulgaris</i>). Fancy, extra recleaned. The highest quality, absolutely free from chaff and foreign matter. An exceedingly valuable lawn seed.....	32	.30	9.25	27.00
Rhode Island Bent Grass (<i>Agrostis canina</i>). Similar, somewhat, to Red Top and Creeping Bent. When used in connection with other varieties, an excellent grass for lawns. Thrives in both rich and sterile silicious soils. 60 lbs. to acre	14	.50	6.75	45.00
Rough-Stalked Meadow Grass (<i>Poa trivialis</i>). Prefers moist, fertile soil. Is successful in shady situations. A permanent pasture and hay grass of quality. 20 lbs. to acre.....	14	.90	12.00
Sweet Vernal, True Perennial (<i>Anthoxanthum odoratum</i>). A very nutritious grass and particularly meritorious for meadow and pasture uses, due to its fragrant odor when dried. A great hay sweetener. Use 2 to 3 lbs. to acre with other grasses	10	.90	9.00
Tall Meadow Fescue (<i>Festuca elatior</i>). Strongly recommended for hay and permanent pasture. Succeeds best in rich, moist soil. Not to be used for lawn purposes. 40 lbs. to acre	14	.90	12.00
Tall Meadow Oat Grass (<i>Avena elatior</i>). Very hardy and very productive. Yields two cuttings a year for hay. Cattle relish this grass at all times. 50 lbs. to acre.....	10	.60	6.00	58.00
Timothy (<i>Phleum pratense</i>). As a hay grass this sort is unequaled and unsurpassed. While preferring rich, moist soil, it does well, however, under adverse conditions. Very nutritious and produces a hay crop which outranks all others. An all-important factor is the obtaining of high-class seed. We furnish only the choice high-grade seed. When sowing alone, use 25 lbs. to acre.....	45	.20	8.50	17.00
Various-Leaved Fescue (<i>Festuca heterophylla</i>). A hardy perennial which starts very early. Does very well where soil is cool and moist. An excellent grass for lawn use in connection with other sorts. 40 lbs. to acre.....	14	.60	8.25	58.00
Wood Meadow Grass (<i>Poa nemoralis</i>). Particularly adapted to shady situations. Will thrive where a great many grasses fail. Also makes a pasture of good nutritive value. To be used in all putting-green mixtures and in lawn and permanent pasture where shade or moisture exists. 30 lbs. to acre	14	.80	11.00	78.00

MACNIFF'S EXTRA RECLEANED CLOVER SEEDS

	Lbs. per Bush.	Price per Lb.	Price per Bush.	Price per 100 Lbs.
Alfalfa, or Lucerne (<i>Medicago sativa</i>). In deep, rich, well-drained soil it is a perennial, and several crops can be produced within a year. Care should be taken in purchasing seed, as inferior grades are numerous. We offer the highest quality Westerngrown seed. Sow 25 to 30 lbs. to acre	60	\$0.35	\$19.75	\$30.00
Alsike, or Hybride Clover (<i>Trifolium hybridum</i>). An excellent clover for cattle and honey-bees. Very hardy and productive. Thrives regardless of weather conditions. 15 lbs. to acre	60	.50	28.75	45.00
Red Clover, Medium (<i>Trifolium pratense</i>). A valuable sort; produces two crops yearly. Also used extensively for plowing under as a green manure. Plant in Spring 15 lbs. to acre	60	.40	23.25	37.00
Mammoth Red, or Pea Vine Clover . (English Cow Grass). An excellent clover for plowing under. It has a longer life and is larger than the Red Clover. 10 lbs. to acre....	60	.42	24.50	39.00
Crimson, or Scarlet Clover (<i>Trifolium incarnatum</i>). A very productive variety, but not hardy. Very good also for plowing under. Cut when in full bloom, for hay crop. Plant 20 lbs. to acre	60	.20	10.50	15.00
White Clover (<i>Trifolium repens</i>). Extra recleaned. Should be used in all lawn mixtures, as it forms an excellent bottom. Very good pasture seed also. Sow in Spring with other sorts 1 to 2 lbs., when alone, 8 to 10 lbs. to acre...	60	.80	47.50	78.00

FERTILIZERS

Prices of Fertilizers are subject to
market changes.

Bone Flour. Ground very fine, 4 lbs. 35c., 25 lbs. \$1.60, 100 lbs. \$4.50, ton \$75.00.

Raw Ground Bone, or Rose Grower Bone This raw ground bone fertilizer should not be confused with the common grades of steamed bone. It is the best grade of quick-acting and lasting fertilizer that can be had for greenhouse and outdoor plants. It is a most excellent fertilizer for top-dressing lawns. Moderately ground with sufficient meal to make it quick acting, and the coarse bone to make it lasting. 100 lbs. \$5.50, ton \$95.00.

Crushed Bone. Used for fruit trees and making new vine borders, $\frac{1}{4}$ inch to $\frac{1}{2}$ inch. Price on application.

Blood Dried. 100 lbs. \$10.00.

Horse Manure Dried and Ground. 100-lb. bag \$3.50.

Pulverized Sheep Manure. Pure Western Manure. 1 lb. 15c., 5 lbs. 50c., 10 lbs. 90c., 25 lbs. \$1.50, 50 lbs. \$2.50, 100 lbs. \$4.00, 500 lbs. \$17.50, ton \$60.00.

Pulverized Sheep Manure. Best grade. 25 lbs. \$1.75, 100 lbs. \$5.00, 500 lbs. \$20.00, ton \$70.00.

Ashes, Canada Hard Wood. 100 lbs. \$2.50, ton \$36.00.

Lime, Agricultural. 5 lbs. 25c., 100 lbs. \$2.00.

Nitrate of Soda. 5-lb. pkg. 75c., 100 lbs. \$6.00.

Muriate of Potash. Price on application.

INSECTICIDES AND FUNGICIDES

Prices of Insecticides are subject to
market changes.

Ant Destroyer. $\frac{1}{2}$ lb. 35c., 1b. 60c.

Aphine. $\frac{1}{4}$ pt. 25c., $\frac{1}{2}$ pt. 40c., pt. 65c., qt. \$1.00, gal. \$3.00.

Aphis Punk. Paper saturated with nicotine for fumigating in greenhouses. Per box, 12 sheets, 75c.

Arsenate of Lead Paste. Lb. 45c.
"Black Leaf 40." 1-oz. bottle 25c., $\frac{1}{2}$ -lb. tin \$1.00, 2-lb. tin \$3.25, 10-lb. can \$13.75.

Bordeaux Paste. 1-lb. 40c., 5 lbs. \$1.50.

Bordeaux Arsenate Lead, Paste. Lb. 40c., 5 lbs. \$1.75, 10 lbs. \$3.00, 25 lbs. \$6.50, 50 lbs. \$12.00.

Bug Death. Lb. 20c., 3 lbs. 55c., 5 lbs. 75c., 12 $\frac{1}{2}$ lbs. \$1.50, 100 lbs. \$10.00.

Cattle Comfort. 1 qt. 75c., 1 gal. \$2.00.

Copper Solution. Qt. \$1.15, gal. \$3.50.

Cut Worm Food. Lb. 35c., 5 lbs. \$1.50, 10 lbs. \$2.50, 25 lbs. \$5.00, 50 lbs. \$9.00, 100 lbs. \$15.00.

Fir Tree Oil Soap. $\frac{1}{2}$ -lb. 30c.

Fish Oil Soap. Lb. 35c., 5 lbs. \$1.50.

Formaldehyde. 1 lb. \$1.50.

Fungine. $\frac{1}{2}$ pt. 50c., pt. 75c., qt. \$1.25, gal. \$3.75.

Grape Dust. 5-lb. pkge. 85c.

Hellebore Powder. Lb. 75c., 5 lbs. \$3.50.

Kerosene Emulsion. Qt. 60c., gal. \$1.50, 5 gals. \$6.50.

Lemon Oil. $\frac{1}{2}$ pt. 30c., pt. 50c., qt. 90c., $\frac{1}{2}$ gal. \$1.50, gal. \$2.50.

Lime Sulphur Solution. Qt. 60c., gal. \$1.40, 5 gals. \$4.75, 50 gals. \$15.00.

Melrosine. Keeps indefinitely. It is most inexpensive to use, as it costs less than 25 cents per gallon when diluted for use. No garden can afford to do without this protection, which is an insurance against the ravages of the Rose-Bug, as well as the minor insect pests. Pt. \$1.00, qt. \$1.75, $\frac{1}{2}$ -gal. \$3.25, gal. \$6.00.

Nico Fume Liquid. Lb. \$2.00, 4 lbs. \$7.50, 8 lbs. \$14.50.

Nico Fume Paper. 24 sheets \$1.25, 144 sheets \$5.00, 288 sheets \$9.50.

Paris Green. Lb. 75c.

Pyrox. Lb. 45c., 5 lbs. \$1.90, 10 lbs. \$3.25, 25 lbs. \$6.75.

Readeana (Rose Bug Exterminator). 4 ozs. 25c., 8 ozs. 50c., qt. \$1.35. $\frac{1}{2}$ gal. \$2.25, 1 gal. \$4.00.

Scalecide. 1 gallon makes 20 gallons ready for use. Qt. 70c., gal. \$1.75, 5 gals. \$6.80, 10 gals. \$11.70, 30 gals. \$29.00, 50 gals. \$43.50.

Slug Shot. 5 lbs. 65c., 10 lbs. \$1.20.

Sulphur, Flowers of. Preventive for mildew. Lb. 20c., 10 lbs. \$1.50, 25 lbs. and over at 10c. lb.

Tobacco Dust. For dusting only. Lb. 15c., 5 lbs. 75c., 10 lbs. \$1.25, 100 lbs. \$6.00.

Tobacco Dust. For fumigating. 100 lbs. \$6.00.

Tobacco Stems. Bales of 100 lbs. \$3.00. Special quotation on larger quantities.

Tree Tanglefoot. Paste for painting around the trunk of trees. 1-lb. can, 50c., 5 lbs. \$2.40, 10 lbs. \$4.50.
